Canada

Congratulations on achieving this incredible milestone!

Choosing a career in health care is one of the greatest acts of service a person can take, and we are so grateful for the hard work and long hours you've put in to get to this point.

The number one priority is strengthening health care in our province, and that work starts with you. We know you chose this profession because you want to provide the best care to patients, families, and their communities.

As the Premier and Minister of Health, Seniors and Long-Term Care, we would like to personally invite you to join the health care workforce in every part of Manitoba.

As you prepare to graduate, there will be a job available to you – and to every health care graduate – in our province. We are hiring nurses, physicians, health care aides, allied health professionals, nurse practitioners, medical laboratory technicians, paramedics, and many other health professionals.

In Manitoba, you will have new opportunities that fit your interests, with competitive salaries and a great cost of living. Here, you can take the first step of a long and fulfilling career, in a province where you can continue to build a good life.

To learn more about careers available to you, we invite you to contact us at healthcaregraduate@sharedhealthmb.ca so we can arrange a *personal* call with you and one of our recruiters to learn about your interests and guide you to positions available throughout the province. We also encourage you to visit Health Careers Manitoba at www.healthcareersmanitoba.ca/opportunities to learn about current vacancies.

We also offer regularly scheduled Information Sessions online, with information on how to apply for Manitoba jobs in health care and how to prepare for your new career.

There is always a place for you in Manitoba's health care workforce. We look forward to welcoming you!

Again, congratulations on your achievement – you did it!

Miigwech

Thank You

Merci

Sincerely,

The Honourable Wab Kinew
Premier of Manitoba

Sincerely,

Honourable Uzoma Asagwara
Deputy Premier and Minister of
Health, Seniors and Long-term
Care
